DIRECTORY .-- CAUTION.

..

"

. :

..

The public are cautioned against ever paying money in advance to any persons claiming to be connected with us or our publications, as our Agents never take any sum, however small, in advance.

SAMPSON, DAVENPORT, & CO.,

DIRECTORY PUBLISHERS,

47 CONGRES STREET, - - - - BOSTON.

THE DIRECTORY OFFICE.

No. CONGRESS STREET. BOSTON.

ESTABLISHED IN 1846, BY GEORGE ADAMS.

Carried on from 1857 to 1865, by

ADAMS, SAMPSON & CO.

Since 1865, continued by the same firm, under the style of

SAMPSON. DAVENPORT. & CO.

POSTON DIRECTORY

has been issued annually for TWENTY-TWO YEARS.

THE PROVIDENCE (R. I.) DIRECTORY, NINE YEARS.

ALBANY (N. Y.) DIRECTORY, TWELVE YEARS,

TROY (N. Y.) DIRECTORY, ELEVEN YEARS.

Charlestown Directory, Roxbury Directory, Fall River Directory, Taunton Directory, Salem Directory, Lynn Directory, Lawrence Directory, Newburyport Directory, Lowell Directory, Manchester (N.H.) Directory, each biennially for from ten to twenty years,

NEW ENGLAND DIRECTORY TAF

IN 1856, 1860, 1865, AND 1868,

THE YEW YORK STATE DIRECTORY

IN 1859, 1864, AND 1867,

THE MASSACHUSETTS REGISTER AND BUSINESS DIRECTORY SINCE 1852.

THE MAINE REGISTER AND BUSINESS DIRECTORY.

AND THE RHODE ISLAND REGISTER AND DIRECTORY.

Besides the publication of Directories, a great deal of public business of a similar character has been done through this office; some of it as follows: --

CENSUS OF BOSTON, 1850;

CENSUS OF BOSTON, MAY, 1855;

CENSUS OF BOSTON, JUNE, 1855;

CENSUS OF BOSTON & ROXBURY, 1865;

CENSUS OF VOTERS IN BOSTON IN 1857.

STATISTICS OF INDUSTRY IN BOSTON 1850.

STATISTICS OF INDUSTRY IN BOSTON AND ROXBURY, 1865.

The city has been canvassed twice annually for nineteen years for the Record of Births. An annual Census of persons liable to enrolment in the State Militia has been taken some eighteen times, and a Census of School Children thirteen times. S., D., & CO. can furnish, beside their own publications, nearly all other Directories published in the United States, and some from Foreign Countries.

PERMANENT RELIEF THE FEET. FOR

SURGEON CHIROPODIS

No 7 Hayward Place, from 346 Washington Street,

Treats successfully Corns, Bunions, Inflamed Joints, Ingrowing Nails, Chilblains, Callouses, &c.

The success of this Treatment has no parallel in the annals of the profession. The most hopeless cases have been cured in a single week, that have builted the skill of the profession for forty years. This result is reached without Pain or Blood. It gives Immediate Relief, softens the hardest Callouses, annihilates the Corn, and restores the circulation.

I challenge any man in the profession to show an equal number of Permanent Cures. My Rooms are easy of access, as there are no stairs to climb.

J. MASON EVERETT.

HENRY B. PEIRCE.

ANTED AGENTS—\$75 to \$200 per month. EVERYWHERE, male and female, to introduce the GENUINE IMPROVED COMMON SENSE FAMILY SEWING MACHINE. This Machine will stitch, hem, fell, tuck, quilt, cord, bind, braid, and embroider in a most superior manner. Price only \$18. Fully warranted for five years. We will pay \$1000 for any machine that will sew a stronger, more beautiful, or more clastic seam than ours. It makes the "Elastic Lock Stitch." Every \$2000 stitch can be cut, and still the cloth cannot be pulled apart. without tearing it.

We pay Agents from \$75 to \$200 per month and expenses, or a commission from which twice that amount can be made.

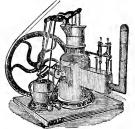

Address

SECOMB & CO...

Pittsburgh, Pa., Boston, Mass., or St. Louis, Mo.

CAUTION .- Do not be imposed upon by other parties, palming off worthless cast-iron machines, under the same name or otherwise. Ours is the only genuine and really practical cheap machine manufactured.

ABEL W. TRIPP,

Roper's Improved Hot Air Engine,

135 & 137 SOUTH STREET, BOSTON. GOLD AND SILVER MEDALS HAVE BEEN AWARDED THIS

No water used. Requires no Engineer, no extra insurance. Cannot explode. Shop heated and running expenses, 25 cents per 10 hours, each horse power, and as portable as a stove.

MORRILL'S POWER PRINTING ESTABLISHMENT, 22 Water Street, Boston, May 27, 1867.

We have had a Roper Two Horse Engine in constant use for the past two years, heating our rooms and running nine presses with sixty pounds coal per ten hours. Since having a Tripp's Improved Regulator attached, it runs with a more even speed and with less noise. We pronounce it unrivalled and faultless for the purpose to which it is applied.

S. S. MORRILL.

ECONOMICAL MUTUAL LIFE INSURANCE COMPANY,

OF PROVIDENCE, R. I.

The **Economical** is the most liberal Insurance Company in the country. All Policies are non-forfeitable from the first payment. Its rates of premiums are from 10 to 25 per cent lower than most companies.

It pays no percentage to directors. Its management is economical, prudent, and candid. It is scrutinized by careful, experienced business men, who receive but 7 per cent interest on their capital invested.

No policy holder can be assessed for any loss or deficiency. In wholly mutual companies the policy-holders alone are responsible.

Its rapid and healthful growth is convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

For full particulars call at the Office of the Company, 2 Market Square, Providence.

PRIZE ENGAUSTIC TILES.

T. & R. BOOTE are awarded by the Jurors of both Classes 10 and 35 of the International Exhibition, a Prize Medal, for their

ENCAUSTIC AND TESSELATED TILING,

"For admirable treatment and good design," "For new process of Manufacture of Encaustic Tiles."

T. & R. Boote, by their patent process, are making Encaustic and Tesselated Flooring Tiles of the hardest texture and the finest colors. (equal to enamel tints,) thereby ensuring durability, and at a much cheaper rate than hitherto charged, which are so extensively used in Great Britain and Continental Europe, and are suitable for Churches, Entrance Halls, Billiard Rooms, &c., samples of which can be seen at the office of

EDWARD BOOTE, No. 20 City Wharf, Boston, Mass.

THE IMMENSE DEMAND

For this Apparatus proves it to be entirely successful as a means of increasing the Soda trade, and drawing ICE COLD SODA without labor.

AMERICAN TOOL & MACHINE CO.,

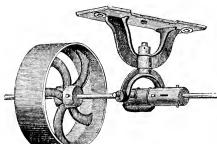

Successors to GEO. H. FOX & CO.,

Engineers and Machinists,

45 Kingston Street, Boston.

Shafting, Pulleys and Hangers, Hand Lathes, Chucks, Slide Rests, and Belting, on Hand and Manufactured to Order.

The above cut represents a first-class Lathe, with Nason's Patent Screw-Chasing Apparatus attached. N. B. — The American Tool and Machine Co. are the only authorized manufacturers and venders in the United States of the above patented apparatus. The Lathe is particularly calculated for the manufacture of Stam and Gas Fittings. It is arranged to be used for turning, boring straight or taper holes, boring cooks, facing plain surfaces, and screw-chasing. This section of Shaft, Coupling, and Hanger, here represented, requires no explanation; its advantages over the rigid Hanger will be at once seen and appreciated by any mechanic. It is every way calculated for ated by any mechanic. It is every way calculated for economy, being fitted with a parent box which adjusts itself to the shaft, and we guarantee it to run Six Months without Re-Oiling, thereby saving labor, friction, oil and the disagreeable, and sometimes destructive, effects of the dripping of oil from above.

Organized as the Exponent of the Non-Forfeiture Law of Massachusetts.

It was the *first* Company to proclaim the benefits of this Statute to the public; the first to make all its policies subject to this Statute, and which had "the honor of the first practical compliance with the Statute." All the Profits are divided among the Policy-holders. Dividends paid annually on the Contribution Plan, commencing one year from the date of the policy, and may be used as Cash in payment of premiums, or to purchase additions to policy.

purchase additions to policy.

All its Policies are Non-Forfeitable after One Payment, or entitled to a Paid-up Policy.

By reference to the Report of the Insurance Commissioner of Massachusetts, it will be seen that this Company is not surpassed by any other in the United States, as to security to Policy-holders.

MRS. PAIGE'S

lew Method for the Liano-Forte,

ORGAN, AND VOICE.

More of the theory and practice of Music can be acquired by this Method in THREE MONTHS than by

any other Method in YEARS.

Pupils can, indeed, become independent performers, even of the most difficult music, after a practice of from THREE to SIX Months. The following are

SOME OF ITS NUMBERLESS ADVANTAGES OVER THE OLD SYSTEM:

- 1. It saves time and money.
- It facilitates the reading of music.
- 3. It gives the pupil perfect command of the KEY- 8. BOARD.
- It enables the pupil to practice for hours, independent of note
- 5. It so trains the hands that the right fingering 11.
- is adopted without difficulty.

 6. It is so simple that all, even a child, can understand it.
- 7. It is so fascinating that all are delighted with the practice. It commences at the foundation, the principles of
- which can never be forgotten. 9. It gives concise rules for each step.
- 10. It is taught without Books.
 - It affords good discipline for the mind.
 - 12. It commends itself at once to the educated class of the community.

o weeks and upwards. For full particulars call on the sole proprietor, or address MRS. J. B. PAIGE, Rooms 9 & 4, 246 Washington St., Boston. Teachers qualified in two weeks and upwards. for circular, with stamp,

THE CONNECTICUT MUTUAL

HARTFORD, CONN.

GUY R. PHELPS, President. ZEPHANIAH PRESTON, Vice President. | EDWIN W. BRYANT, Actuary.

WOODBRIDGE S. OLMSTED, Secretary.

Organized in 1846. Charter Perpetual.

THE LARGEST MUTUAL LIFE INSURANCE COMPANY.

NUMBERING 55,000 MEMBERS.

A Purely Mutual Company. Its Assets belong exclusively to its members.

Assets, \$25,000,000. Acquired by prudent and economical management of twenty-two years, without the aid of a single dollar of original capital.

All profits divided among the members. Each policy holder is a Surplus Assets, \$6,361,967. member. There are no stockholders.

Its Large Dividends. They have averaged over 50 per cent. annually. Total amount of dividends paid the members since its organization, \$4,397.142.

Its Success Unparalleled. It has arrived at the extraordinary condition where the income from Annual Interest alone is more than sufficient to pay all its losses.

Total amount of losses paid by the Company, \$6.86,528.

Its Responsibility. For every \$100 of Liabilities, it has \$154 of Assets.

LAST YEAR'S PROSPEROUS BUSINESS.

Amount insured fiscal year 1867, \$45,647,191.00 Income received " " " " 7,530,886.19

During its last fiscal year this Company paid to its living members, and to the families of its deceased members, nearly \$2,000,000, and at the same time added more than Four Millions to its accumulated

capital. R > 1 he whole record of this Company has been one of prudent management and prosperous advancement. Among the older and leading Life Insurance Companies, its average ratio of expenses to income has, through its entire history, been the lowest of any.

Agents in all the principal towns in the United States.

WILLIAM H. JACKSON.

WHITMAN & EDDY,

Fall River, Mass.,

MANUFACTURERS OF THE

PATENT VERTICAL DRILL

Our intentions are to place in the market the best Machine Drill in use. Having spent a long time in perfecting this Machine, we have no hesitation in saying that we have succeeded in bringing to perfection this important tool for Machinists' use. There are five different motions to the drilling table, viz.:

Turning on its own centre in a horizontal position.
Sliding backwards and forwards; swinging around the post, out of the way, while using the Platform

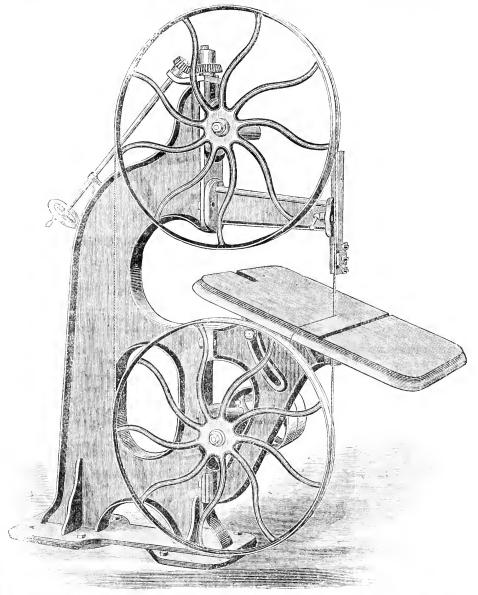

Raising and lowering on the post, with rack and pinion; and turning sideways for angular drilling.

We warrant every Machine built and sold by us strictly First Class, of good Material and Workmanship.

SEND FOR A CIRCULAR.

ROLLSTONE MACHINE WORKS,

FITCHBURG, MASS.

MANUFACTURERS OF THE BEST

BAND SAWING MACHINES,

Patent Saw Benches, Planing Machines, Moulding Machines, Clapboard Planers, Wood Lathes &c.,

AN EXAMINATION OF OUR MACHINES SOLICITED.

THE

Berkshire Tife Insurance Company,

OF PITTSFIELD, MASS.

INCORPORATED 1851. CHARTER PERPETUAL.

STRICTLY MUTUAL.

Annual and Increasing Cash Dividends.

All desirable Forms of Policies issued at favorable rates.

EACH POLICY HOLDER RECEIVES EVERY DAY'S INSURANCE PAID FOR.

No forfeiture of Policies from failure to pay Premiums.

EXAMPLE. - On a Life Policy, Annual Payments, at the age of 35.

ONE PAYMENT CONTINUES THE POLICY IN FORCE TWO YEARS, THREE DAYS.

TWO PAYMENTS CONTINUE THE POLICY IN FORCE FOUR YEARS, TWELVE DAYS.

That is, should the assured pay one premium, and fail to pay the second, he would still remain insured for the full amount of the Policy one year and three days longer; if TWO payments were made, he would remain insured two years and twelve days after the third premium became due. This feature, first adopted by this Company, is absolutely secured to the assured by the Laws of Massachusetts. In ADDITION to this, on all limited payment Life and Endowment Policies, the assured has the option of a paid up Policy after one Payment.

Charles M. Ellsbree insured in the Berkshire for \$1,000, paid one premium, and failed to pay the second. Several weeks afterward he died. The full amount of the policy, less the second premium due and annaid, was paid to his widow, Mrs. Mary J. Ellsbree, at East Hartland, Connecticut.

James Joyce, insured for \$1,000, failed to pay his second year's premium, and died *four months* afterward. The full amount was paid his widow, Mrs. Maria Joyce, 262 Spring Street, New York.

Maximilian Meckel, insured for \$4,000, failed to pay his second premium when due, being in bad health, and out of employment, with a large family dependent on him. *Nine Months* afterward he died. The Company paid the amount of his policy to his widow, Mrs. Maria Meckel, Cleveland, Ohio.

HALE'S PATENT

CARRIAGE WASHER,

THE GREATEST INVENTION OF THE AGE.

This washer, manufactured more especially for carriages, is made of wood, so constructed that when properly applied to an axletree prevents all rattling of the wheels.

It will outwear two sets of leather washers, and does not collect the black grease which a leather washer does; holds oil better, and a fair trial of it will convince any one that it is very superior and far more preferable than any other ever offered to the public.

All orders addressed to HALE PATENT WASHER CO., New Bedford, Mass., will be promptly attended to.

M. HIGGINS'S DR. A.

NTALGICA

THIS CELEBRATED MEDICINE has become a HOUSEHOLD FRIEND in every family where its merits are known. For years it has been extensively used in all the NEW ENGLAND STATES and the ARMY.

No "Pull" can add to its Merits: it is UNRIVALLED!

For DIPTITHERIA, no specific can complete withit; for CHOLERA, DYSENTERY, KIDNEY COMPLAINIS, &c., and as a GENERAL PAIN RELIEVER or KILLER, it is universal in its actions,

AS THOUSANDS CAN ATTEST!

Circulars of the above and of all the other kinds of Dr. Higgins's Medicines sent on application. Orders solicited and promptly filled by the Proprietors.

A. HANKEY & CO.,

(Successors to STILES & CO.,)

MANUFACTURERS OF

Paper Mill Engine-Bars and Plates,

Rag-Cutters, and Trimming-Press Knives.

The Plates include the Stiles & Crehore "IMPROVED PATENT ANGULAR PLATE," with an additional improvement of our own, which consists in making them with very short angles, thereby making them stronger, and causing them to wear the Bars even; and we warrant the Plate to be the best in use for Beating Engines. Also our "New Cross-cut Plate" (Patent applied for), made of sheet steel, and having more butting surface than any plate in use, wears the Bars even, and warranted to work under heavy rolls. Also the "Harkey & Corser Double-Angle Plate," the "Combination Plate," and the old-fashion "Elbow-Plate."

We also manufacture Planing-machine Knives (and have Patterns for all the principal Machines in the country.)

Veneer-Cutters, Logwood-Cutters, Shear-Blades, Tobacco-Knives,

And every description of PATTERN-KNIVES, made to order.

We are prepared to execute orders promptly, and at moderate prices.

The best Patent Gas Machine

Known, for Lighting Dwellings, Factories, Mills, Churches, Halls, &c.

Our Machines have been in use for a long period; through the coldest of winters, and under all circumstances, with from 10 to 1000 burners, and with entire safety and success. Our aim has been to produce the best Machine in the market for furnishing gas light where ordinary coal gas was not accessible. And this, the rapid sale and successful working of our Machines shows that we have accomplished. All we now ask is to have them examined and tried upon their own merits. We have hitherto advertised but little, and made comparatively small effort to publish or introduce them; and yet they to-day stand at the head of all Gas Machines in the country. And firm in this confidence, we now invite the public attention, and advise all not to purchase or set up a Machine until they have seen ours.

For information and Circular apply to the

KNOWLES'S

PATENT STEAM PUMP.

Patented in England and France.

This Pump has received the Highest Premium at every F ir where it has been exhibited; viz., New York, Boston, Da'timore, Cincinnati, Buffido, 8; racuse, Springfield, and Worcester.

It has no Cranks or Flywbeel, and has no dead points where it will stop, consequently it is always ready to start without using a starting-bar, and does not require I and work to get it past the centre; and is the only Pump made that will work its steam-valve with water, consequently is always ready to start when the steam-vylinder is filled with cold water of cond usafon.

It has been used for more than eight years for feeding STATIONARY STEAM BYHLIMS; and has been used more than five years on LOCOMOTIVES, and is the only Steam Pump yet tried that is in every way adapted for that use. It has been extensively used for pumping water for Hotels, public Institutions, Mining Perposes, and Manufacturing

Es ablishments of every kind with perfect success. It has been tested in the Navy; and in consequence is recommended by the Chief Engineer of the United States Navy, to be used at the Navy Yards and on Steamers. As a Fire Engine, it is recommended by all Insurance Companies, and is universally adopted by the manufacturing companies in New England.

Although we have been constantly making additions to our Works, yet the rapidly increasing demand for our Pumps has hitherto been greater than our possible production; but, with recent enlargement of our Works, and extensive additions to our maintacturing facilities, we hope to be able to supply all orders.

The Proprietors ofter this Pump as the most Perfect Independent Steam Pump ever invented, and for Simplicity and Datability, it defi s Competition.

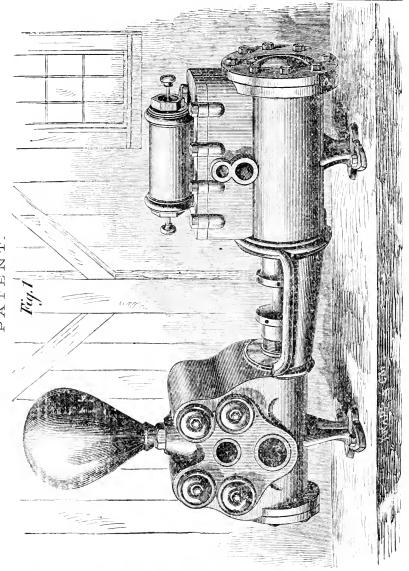

For further information, address the Proprietors at their Works.

JENKS' WINDOW SPRING,

FOR SALE BY

ALL HARDWARE DEALERS.

Feb. 1, 1865.

The engraving represents a valuable improvement by H. F. Jenks, on the Foster Spring, well known for many years in the New England States. It is very simple, comprising a STEEL SPRING, secured to an Iron Frame by a Screw, by which the spring can be adjusted to suit a light or heavy sash.

The pressure of the Spring against the jam-casing holds the sash at any point, and prevents any lattling arising from imperfectly fitting Sash.

DAVID DALZELL & SONS,

SOUTH EGREMONT, MASS.,

MANUFACTURERS OF FINE

Would particularly call the attention of the best class of Carriage Builders to their very superior

Mail, Patent, Half Patent, Collings' Taper, Improved Taper and Screw Axles,

AND PARTICULARLY TO THEIR

IMPROVED MAIL OIL CUP AXLE.

Which keeps the Axle at all times in the finest running condition with the smallest amount of trouble, simply putting the oil in the cup once a week (purc Sperm or Hendricks' Lubricator), removing the wheel from the axle only when the leather washers require to be renewed, about once a year,

We take pleasure in being able to present for consideration the following letters and testimonials, in regard to the merits of our Axles. With a practical experience of twenty years in the Axle business, and a close personal application, with the best possible facilities, we guarantee full satisfaction to all purchasers, or the goods may be returned at our expense.

RECOMMENDATIONS:

After several years' use of the different styles of Axles manufactured by David Dalzell, we cheerfully recommend them as worthy the confidence of the hest class carriage builders.

JOHN R. LAWRENCE & CO.,

Broadway, New York.

GEO. W. WATSON,
Chestrut St., Philadelphia.

August 25, 1858.

Messrs, D. Dalzell & Sons:—Gentlemen: Yours of the 1st came to hand this morning, asking to have the recommendations given you some years since renewed. In answer would say, that we have not the least objection to having you use the same certificate again, as we entertain the same favorable opinion of your Axles as we did then, and hope it may influence some carriage makers to use your Axles who have not already done so. We thank you for kind wishes for the new year, and hope you may see many happy returns of the same. We are yours, with much respect,

FILLADELPHIA, Nov. 5, 1868.

After an experience of fifteen years in the use of Mr. David Dalzell's Axles, we take great pleasure in recommending them to all builders of first-class work. For the past two years we have been using largely of his Steel Axles, which have proved very satisfactory to ourselves and customers, not one of them having proved defective so far as we have been able to learn. In the finish and fitting they are all that could be desired.

GEO. W. WATSON & CO.. Carriage Builders.

David Dalzell, Esq., South Egremont:
Dear Sir. I I gives me pleasure to state that after using your make of Axles for many years, I can recommend them to the trade as being well adapted to fine work, made in a superior manner, of suitable stock, giving no trouble to the customer.

Yours truly, W.M. D. ROGERS.

We have been using the "Bessemer Sicel" Axles, made by David Dalzell, and find them very superior, and can recommend them to all carriage makers requiring a first-class article. We find the "Bessemer Sivel" very stiff and tough, and posticely use no other for our Axles. Mr. Dalzell was the first, we believe, to bring this steel into notice for Axles.

Factory, No. 65 Fact 95th, S. BREWSTER & BALDWIN.

Factory, No. 65 East 25th Street.

New York, January 8, 1869.

I have used to considerable extent, for some years, David Dalzell & Sons' make of Axles, both iron and steel, and they have given general satisfaction. They are good makers, and fair men to deal with.

Carriage Manufacturer, Nos. 141 to 152 East 31st St.

We have been familiar with Dalzell's Axies for several years, and used a good many of them, always with satisfaction to ourselves and our customers. About eighteen months since, we began using, as an experiment, some of his "Bessemer Steel Axies," with results so satisfactory that we became satisfact that they were decidedly the best and safest Axie in use, and for twelve months past we have used them exclusively on all our fine work, using a much lighter Axie, and have never known a failure or a defect. They have our unqualified approval, and we take pleasure in recommending them to all first-class builders.

KILLAM, KIMBALL, & CO.,
Carriage Manufacturers, 29 Chestnut St.

PORTLAND, Dec. 14, 1868.
We have used Dalzell's Axles for the past year, both iron and steel, and consider them the best Axle made, and give the best axtsfaction to ourselves and ensomers of any Axle we have used in thirty years' experience, and most cheerfully recommend them for all good class of work.

J. M. KIMBALL & CO.

I take pleasure in saying to all carriage makers, and others interested, that I have used the past year a large number of the Bessemer Steel Axles, made by Messrs. David Dalzell & Sons, including the Oil Cap and other kinds, and have found them the hest Axle in every respect, I have ever used, giving me no trouble, but giving my eustomers the greatest satisfaction in every case. The price charged for them by Messrs. Dalzell & Sons is so low in comparison to their good qualities, that it would been their necit was only to be known to beachied by all first-class carriage builders.

C. F. KIMBALL.

David Dalzell, Esq.,—Dear Sir: We have been using your Axles, both iron and steel, for the past five years, exclusively, and we believe them to be the best Axles manufactured in the United States

TOMLINSON DEMAREST 60.

ATHOL WACHINE CO.,

ATHOL DEPOT. MASS.

Manufacturers of Starrett's Great Labor-Caving

"Meat and Vegetable Choppers."

These Cheppers are the delight of every one who has use for a "Chopping-Tray," from the fact, that instead of the si-w, tiresome process of chopping with the hand-knife, these Machines will, with half the strength, chop meat or apples sufficient for ten ples in three minutes, as fine as desired.

Four sizes are made, suitable for families, oparding-houses, hotels, butchers and bakers.

PRICES.

\$5.00, \$8.00, \$12.00, \$50.00.

ORDERS SOLICITED, AND SATISFACTION WARRANTED. ADDRESS AS ABOVE.

Brass, Copper, German Silver, Babbitt, and Lining Metals of every description.

Hardy's Lining Metal.

For boxes and bearings of all descriptions, which after years of observation and study to produce a metal having the strength of a composition box, and the lubricating qualities of Babbitt, is fully demonstrated by trial, and warranted superior to all other metals for lining purposes. It is of a hard tough natureclose grained, giving strength to the box, will not break or roll on the journal, being entirely free from any harsh gritty particles usually found in lining metals which are hard enough for durability, melting at a higher degree of temperature it is less liable to melt out by friction, making a superior box for railroad car journals. Journal Boxes lined with this metal, placed under cars, have out-worn three sets of boxes lined with the best Babbitt Metal, showing by measurement one thirty-second of an inch wear per year, the journals being in a perfect state.

With the best of Testimonials for this Metal we challenge competition. For the qualities of our work we refer, by permission, to

WATERS'S

La Favorita Hair Invigorator,"

It has no superior for causing the growth of the hair, preventing its falling off, keeping the scalp free from dandruff, or for a dressing simply.

The following Certificate from the State Assayer of Massachusetts explains

STATE ASSAYER'S OFFICE, 20 State Street, Boston.

GEO. W. WATERS, Esq. - Sir: I have analyzed "La Favorita Hair Invigorator" and find that it is composed of valuable and costly medicinal ingredients. It does not contain either Sulphur, Lead, Silver, or other injurious substances. I regard it as a perfectly safe preparation, a good detergent, and an excellent dressing for the hair.

April 30, 1888. Signed, Resp cifully, S. DANA HAYES, State Assayer, Massachusetts.

Mr Notice that monogram and trade mark is on label and wrapper, and fac simile of proprietor's signature over stopple; none genuine without them.

For Sale by M. S. Burr & Co., 26 Tremont Street; Carter & Wiley, 138 Washington Street; and the proprietor Geo. W. Waters, 2201 State Street, Boston.

NORTH-WESTERN

Mutual Life Insurance Company.

Central Office, 416 Main Street, - - Milwaukee, Wis.

ASSETS, \$5,000,000.

MEMBERSHIP, \$40,000.

POLICIES ISSUED IN 1868, 11,719.

Risks covered by Policies issued in 1868, - - \$24,326,400.

While it will not be denied that money can be as safely invested at the West, where property is rapidly enhancing in value, it is claimed that as honest, capable, and efficient managers can be found there as elsewhere. But there are *positive* and *weighty* reasons, prompting to the patronage of the "North-western Mutual."

First. The rapid accumulation at the West. This money is kept at the West, where it is in greater demand, and where it will secure higher interest and more constant investment, with equally good security,—for people can afford to pay more for it than in older States. The advantages of such investment to the Company appear in the following startling figures.

ONE THOUSAND DOLLARS LOANED FOR FIFTY YEARS.

- At 6 per cent. compound interest produce
 \$18,420.15

 At 8 per cent. compound interest produce
 46,901.61

 At 10 per cent. compound interest produce
 117,390.85
- Second. All its profits are equitably divided among its Policy-holders.

Third. It combines the advantages of both the Note and Cash systems, making the payment of Premiums easy and equitable, by loaning to the small insurer, as well as the larger, just so much of the Premium as is secured by the "value of the Policy" itself, and no more,—thus really confining its business to the cash plan.

Fourth. A member who has paid his Premium in cash for a number of years, may, if circumstances require it, pay subsequent Premiums wholly in Notes, until the amount of the Notes equals the "value of the Policy;" or may at any time borrow of the Company the "surrender value of his Policy,"—and thus frequently help himself over some temporary difficulty.

Fifth. The first payment secures its proportionate share of a ten-year Policy.

Sixth. Its Dividends are made annually, commencing three years from the date of the Policy, and upon the contribution plan, either in cash or upon the most approved methods.

Seventh. Reversionary insurance, purchased by the dividends, and once issued, is not forfeited by non-payment of Premiums on the Policy.

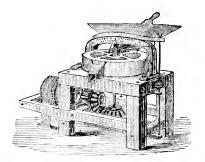

Eighth. All its Policies are Non-Forfeiting.

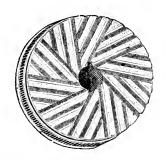

Ninth. In short, this Company aims not to take advantage of its members, or of their misfortunes, but to conduct its business upon the basis of the strictest equity, and an enlarged liberality.

For a Policy or any information on the subject of Insurance, address,

EMERY TAYLOR, No. 5 Dock Square,

1 WEIGHT E.E.

MACHINISTS, AND MANUFACTURERS OF

Portable Engine, Locomotive Boiler. From 8 to 40 Horse Power.

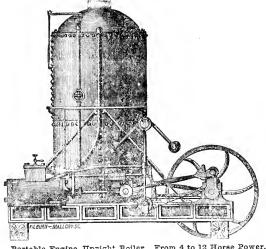

Marine, Stationary, Portable, Pile-Driving and Hoisting STEAM ENGINES.

We would call the attention of the public to our IMPROVED PORTABLE STEAM ENGINE, in which all the working parts of the Engine are built on an iron frame (like a common Stationary Engine), thus avoiding the heat from the boiler to the working parts of the Engine, and the strain on the machinery caused by the expansion of the boiler; making both Engine and Boiler more durable than the usual style of Portable Engines.

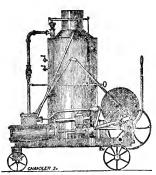

These Engines are designed for all purposes where Stationary Engines could be used, and for loading and unloading vessels, Pile-Driving, small Steamboats, and Mining purposes.

They do not require any brick-work, and are ready for operation on delivery. The Boilers are warranted

to carry 100 lbs. per inch.

Pile-Driving Engine.

We use a Patent Regulator-Valve movement on our Stationary Englies, which, for economy and perfect regulating, is not surpassed.

Name of the supposed of the su with dispatch.
PORTABLE ENGINES constantly on hand. Altering and Repairing done at short notice.

Between Washington Street and Harrison avenue.

Office hours from 9 A.M., to 4 P.M.

WATCHMAN'S TIME DETECTOR.

This WATCH-CLOCK was introduced to the public in almost every section of the United States and Canadas, several years ago; and it has proved itself to be the best invention in the world for testing the faithfulness of Watchmen. Since its introduction, the Proprietor has improved on some parts, and corrected deficiencies which have been suggested by using it; and he has now a perfect check upon the Watchman. With other clocks, a regular routine has to be followed, but with this a Watchman can be ordered to visit any particular place as often as required, without being compelled to go to places where it is not necessary to visit as often.

The instrument is complete in itself, portable, and as reliable as the best lever watch.

It is not so likely to become disarranged in its works as a good watch, because its parts are stronger. But when it needs cleaning, any common watchmaker can adjust it, its mechanism being simple.

It requires no fixtures or wires communicating from room to room, as is the case with the ordinary Watch-Clock«: a small, inexpensive, stationary key is alone required at each station.

Its use is not restricted to a single building, and places can be guarded that it would be impossible to guard with any other instrument, such as Railroad Tunnels, Bridges, Yards, Shops, &c.

It is very essential to carry the clock secure, taking care that it is not brought in contact with any hard substance, and thereby broken. I have on hand ponches with straps to go over the shoulder and around the body, which I will send with the clock, if ordered. Price, \$2.59.

The instrument will in all cases be warranted perfect and satisfactory.

Its price is invariably **Seventy-Five Dollars**, Cash on Delivery, including as many Keys as are requisite, not exceeding twelve.

THIS WATCH-CLOCK IS SOLD AT A LESS PRICE THAN ANY OTHER IN THE MARKET.

The DETECTOR is used extensively by large Manufacturing Establishments and Railroad Companies in the United States, from whom numerous testimonials have been received.

N.B. Parties purchasing these Clocks should test them sufficiently in the counting room or office, as they will not be taken back after having been injured by the Watchman through carelessness.

 $\kappa_{\overline{o}}$ This Detector is covered by two U.S. Patents. Parties using or selling these instruments without authority from me will be dealt with according to law.

All communications promptly attended to.

ADDRESS.

BROTHERS HIMPHRFY SMITH.

Manufacturers for the New England States, under license from

"The American Metallic Tubing Company,"

OF

WETAI

For various purposes, by a new Patented process, are now ready to supply, in large or small quantities, at the lowest rates, a superior article of

SPEAKING TUBE.

Our pipe is made in smooth seven foot lengths, without soldered joints, and we furnish improved couplings for joining and facilitating the running of the same. We are prepared to make it still more desirable lings to joining and tacilitating the running of the same. We are prepared to make it still more desirable and useful, by furnishing an entirety new form of Innunciator, recently invented and adapted expressty to Speaking Tubes, whereby all the rooms of even the largest hotels and manufactories may be brought into easy speaking communication with the Office. By this unique arrangement, one person is caabled to receive and answer communications from all parts of a First Class Hotel, and direct the proper attention to the wants of guests, with nearly as much ease and facility as though such attendant stood face to face with the occupants in their respective apartments.

It will save more than its cost every year in the reduction of attendants, and by its directness and promptness be more satisfactory to all concerned. When once furnished it is as permanent as the house itself, and not constantly getting out of repair, as the Bell-Wire Annunciator is, from the violent and impatient pulling of the wires; consequently both expensive attendance and repairs are saved.

We shall soon be prepared to furnish a FIRST CLASS pipe for Conductors, from the eavestrough to the ground, and for other purposes, manufactured by the same process.

the ground, and for other purposes, manufactured by the same process.

Parties using or furnishing such pipe or tubing, will find it to their advantage to call on us before manufacturing, or purchasing elsewhere, as we shall be prepared to fill orders for any amount with the best article,

for the lowest prices.

Orders for Speaking Tube, which we are now prepared to turnish, solicited and promptly attended to, if left with or addressed to

EXTENSIVE

JOB PRINTING ROOMS,

WYMAN'S EXCHANGE, LOWELL, MASS.

This Establishment, which was commenced in June, 1846, is one of the rery largest and best in Massa-thanketts, for the rapid, perfect, and economical execution of JOB PRINTING, in its various branches. Its facilities are inferior to no other first-class office in New England.

Manufacturers, Merchants, Mechanics, Insurance Companies, Banks, Lawyers—in fact all persons requiring Frinting done neatly and promptly, on terms as low as any man can live and pay his honest debts—are invited to call, and examine the numerous specimens (both plain and fancy) of the work of this Office, which the proprietor will take pleasure in showing them.

LOWELL DAILY CITIZEN AND NEWS.

THE ROYAL INSURANCE CO.

Continues to insure against the hazards of Fire, and is well known as one of the soundest and most reliable companies in existence. Security is, or should be, the first object sought by the insured; in this respect the ROYAL is unsurpassed. The amount of its Capital, viz: TEN MILLION DOLLARS—which would be immediately available to meet any unforeseen calamity, together with the high standing of its Directors and Proprietors, render it one of the most eligible Offices in existence, either in America or Europe.

Promptitude and fair dealing in settlement of claims is the invariable rule with the ROYAL INSURANCE COMPANY. It has paid losses in all parts of the world, including some of enormous magnitude, as, for instance, the loss to this Company by the Great Fire of London, in June, 1861, amounted to nearly \$400,000, which was promptly paid, without encroaching upon the Capital of the Company.

THE AGENTS OF THE OFFICE EVERYWHERE HAVE AUTHORITY TO SETTLE CLAIMS WITHOUT REFERENCE ELSEWHERE.

NEW ENGLAND BRANCH OFFICE,

Nos. 1 & 3 KILBY STREET,

BOSTON.

STEPHEN HIGGINSON, -- General Agent. W. C. HIGGINSON, Surveyor.
